“ *We are sorry for you loss. She was so helpful to us when a member of the family was taking cancer treatments. She and another lady had taken our family to the cancer center for a treatment. Our family member had gotten sick on the way home and Audrey held her head and made her as comfortable as she could. She spoke softly to her and gave her comfort, like a mother would. It was great comfort to us having her at this time. She had taken her time to go with her to her cancer treatment and be with her and we were grateful for that.*
