“ You’ll be very missed grandpa. I remember the first time you met each of my boys after they were born. How the grumpy man melted into a big softie. I loved watching you interact with them, I will miss your banter. Your stubbornness. I am going to miss sitting with you for hours and talking about everything and anything. Your very missed and loved old man. I hope you know this.

I didn't get to spend alot of time around you dad and there was gaps in between the times that we did get to spend together,however you always reminded me that I was the son and you the father. I will always have good memories of the times we had together and I will miss you dearly. I love you with all I have and you will always be in my thoughts and prayer. I love you old man.....
