“ I worked with Cindy on joint projects for several years. One thing that always stands out is how she was always smiling and always professional. When she told me about her illness we talked about faith and life and she had faith and loved life! I am sad that she was taken so early, but know that her belief in God she is now being comforted.

*Reading the tributes, she has obviously left a whole in many hearts!
Prayers for the family and friends in their great loss!*

“ *Prayers and condolences to all of Cindy’s family. Thinking of you Hazel and Brad, I would have liked to have been able to attend her visitation. The Lord took her early in life, but she is longer suffering! Hallelujah! I will always remember Cindy and her contagious laugh. She was always in good humour and was a great athlete in school. I look forward to seeing her again with our Heavenly Father. Peace to all of the family.*

“ I worked for Cindy at Monsanto/Bayer for 5 years. She was thoughtful and considerate of everyone. She was always open to listen and care. Even when Rob had his accident she thought of her team.

She was not only a great boss but an awesome person whom I considered a friend. God Bless her family during this time. Till we see her again...hugs Cindy.

“ I met Cindy at Monsanto 20 years ago & throughout the years had the pleasure of working with her as colleagues & teammates several times. She was a dedicated employee & great work partner but more importantly she became a friend. Her kindness, compassion & positivity & just her genuine care for others were an inspiration. She was an incredible person who will be dearly missed. I pray the good memories & knowing she is free from pain will bring comfort to her family & friends.

“ So sad about this - Cindy was one of the sweetest and kindest people to grace Monsanto - as well as a dedicated and diligent professional. Really no words can do her justice. Her friends, family and colleagues will mourn her loss, but can perhaps take some comfort in the fact she is painfree and leaves a beautiful legacy.
