“ *So sorry to hear of Debbie's passing. When we would unlock for the kitchen crew at the hospital she was usually first through the door. And when we couldn't find something they needed for a patient after hours she always had the answer. So sorry for your loss.*

“ *I worked with Deb at the hospital for many years. She went above and beyond in her job. I knew I could call on her for help in any situation and she would always do whatever she could in the situation. Our prayers are with you.*
