I have known Donald and his entire family for years, being close friends with his sister Dorothy. I remember all the special times we had with them. They are so many great memories just being with them. I specially have the memory of Donald making , what he called an Ostin, which basic a flat bed auto that everyone rode one .It was such fun he took everyone around his property and in the hills. Judy my thoughts and prayers are with you and your family. Fly in heaven now Donald with the angels and rest in peace. With Gods love and prayers for all of you.
