“ *I worked with Glenn at WERDCC, in 3 House. We shared many laughs and funny stories. Glenn was so smart. He could converse about any topic and he was always curious about the world we live in. Glenn was the CCA when I was IPO, and his office was across from mine. When the offenders got close to release he would have to call them to his office to find out how they were getting home. He would make a little game of it, tease the offenders a bit and not tell them why he called them out, then he would spring it on them their homeplan had been approved and he needed to know if they needed a bus home. Glenn enjoyed his work, and he was liked and respected by staff and offenders. Glenn left us way too soon, my condolences to his children and family.. Gay Lyn Webb*
