“ Susan and I were pretty close growing up and I was her maid of honor when she married Dale. Dale had been in a car wreck just days before his wedding but that didn't stop him from marrying his bride! They were always family oriented and raised their daughters to be strong women! Nothing was more important than giving their children the lives they deserved and most important taught them what love was! I know Dale will be his families angel just like he was their hero when on this earth! R.I.P. Dale 💔

“ My favorite memories of my brother-in-law, (who was more like a brother), was sitting around the grill/fire when he was cooking those fabulous contry-style ribs or cooking up a batch of tenderloins, that he had pouned out on the kitchen counter. Living in Rhode Island, I didn't get to see him or much of my sister and family. But, I will still miss him very much. I loved my 'brother' Dale as much as any of my my blood brohers. Rest in heaven, my brother, youur pain and suffering is over. God bless you and the famliy you left behind. Until we all meet again, so long. .

“ You considered me family and I never forgot that. You were a great father and I know your girls are gonna miss you greatly. You went the day my beloved Reuben went so I hope you two are together, looking down on all of those you loved.
