“ *My condolences to Terry and the rest of the family. I, we, had the honour of staying a couple of times in this wonderfull family. She was a great host who gave us the true feeling of being home ourselves. Involved with the MILE the stay was always to short, but I am glad we could repay her when she visitid Belgium. Terry be strong in this sad period, I am convinced that your God will be with you.*

“ My deepest sympathy to Terry and all of Kathy's family. I only knew Kathy for a couple of years and every time we met she greeted me with a hug. Kathy was a person with compassion for others. Kathy was always asking me about my health issues and never complained about her own. I will truly miss her, she always made me smile and feel good after seeing her. Again my deepest sympathy.
