“ She wasn't only family but while I worked at Maple Grove I would always try to have her hall, she may not have known who I was but when I said her grandsons name (my bf) she kinda knew what I was talking about. This definitely hit. Because we didn't get to take our son witch made it her 10th great child. It hurt us, as we were going to go take him around Christmas to see her. But heaven was calling her before we did.

“ Lorraine used to live a couple houses up from my parents and I years ago when we lived on Bibb Drive. She was always nice to us and I did enjoy visiting with her. While she resided at Maple Grove, she and my mother would play bingo together as my mom was also a resident. She will be missed!
