“ *Oh Billy, I know how much you were loved, and I know you are with Kay, who loved you so much but gosh this so stinks. You finally retired and were getting to do things you loved. We had such good times when I came for my first visit to the beautiful town of Louisiana. That's back when there was a town, and a huge carnival, which I will never forget. You and Irvin Hoaglin teased me and Helen on the ferris wheel and terrified me, I will always laugh at that and how mad I was at you. Then you did the snake thing up in your hills, the hills you loved. Imagine scaring your poor little city cousin like that tch tch. These will be memories forever now, I will miss seeing you, talking to you on Facebook, mostly I am sad you had to leave your grandson and your girls. I know you are with Dad and Kay and Grandpa. Wish you could send me the family tree info I need because now you know. Love you forever honey, just broke a piece of my lil heart. Hugs to the girls and Aunt Lydia and Helen. Sorry I could not be there to see you more. Love always, Joyce*

“ My love and prayers goes out to your family Bill, and esp. to your grandson whom you loved so very much.... words can not explain how or what I am feeling right now, I know you fly high with the angels, and that you are with your wife and life long friend whom you loved and respected very much, and I find a lot of comfort in that, and I know you will be that lil angel on the shoulder of your three daughters, whom you were so proud of and loved so very much.... it seems you and I have been friends for our whole lives, our paths were destined to meet in weak times in my life you said, and I too believe that, thank you for being there for me and sharing and laughing and teaching me to live again, love and laugh... you were my strength and kept me going ..... thank you so very much.... you will be loved and missed so much but I know I will have another angel waiting and watching over me to make sure that lil dusty foot print that I made across the chapel floor won't be forgotten..... fly high my friend, fly high..... you were the BEST FRIEND anyone could have had..... May God be with your family in there time of missing you.....

“ Bill was always like a second dad to me. My dad and him went to school together at Louisiana through graduation. His daughter Lydia and myself also went through school together at Louisiana. When I was in middle school Lydia and I were playing outside at her house. Long story short I got stung by 10 hornets. Bill was the one that helped me in the house and helped with the swelling. He was not much of a people person, but once you were in with him you were ALWAYS in with him. I can still remember spending the night and waking up to the smell of him making his "famous" chili. Bill and Kay both are so missed by so many. I'm so glad Jericho is old enough to have made so many memories with his grandpa. Bill you will always have a special place in my heart.
